

Orienting to the Year Planning Task Card

Step 1: Read the Curriculum Plan and Curriculum Map.

Curriculum Plan and Curriculum Map	Response
<p>After reading through these documents, what benefit do you see in revisiting them multiple times throughout the year? In what ways will the information guide your big-picture planning?</p>	
<p>Look closely at the standards grid. How would you describe this grid? What do the check marks mean, and why is it important to pay attention to them?</p>	
<p>What implications does the standards grid have for your pacing and planning?</p>	
<p>How might you describe the literacy work in your classroom this year to your students or their families? What are you looking forward to? What do you think your students will most enjoy? How will they benefit from this curriculum?</p>	
<p>If you are a coach or a school leader, how will these documents help you plan for and talk about the literacy focus at your school and the expected impacts for students?</p>
